

Tester: Tetiana Ostroushko Site for testing: <https://www.yakaboo.ua/>

Write a checklist for 25 points, covering only ONE page of the site

№	Name	Status	Comment
1	Check the site logo. Check the Yakaboo logo when the user clicks on it.	pass	
2	Check the zoom in and out of the home page.	pass	
3	Check the menu on the main page of the site: 1. The main menu works (the category opens after clicking on it). 2. The main menu subcategories open correctly. 3. Each subcategory of categories is strictly structured.	pass	
4	Check the "Замовити дзвінок" function Test data: Phone number: +380678899888	pass	
5	Check the "Акції" button on the main page of the site	pass	
6	Check the "Про магазин" button on the main page of the site	pass	
7	Check the "Доставка" button on the main page of the site	pass	
8	Check the "Оплата" button on the main page of the site	pass	
9	Check the "Контакти" button on the main page of the site	pass	
10	Check the "Блог" button on the main page of the site	pass	
11	Check the banner ad on the main page of the site	pass	
12	Check the "Чат" function on the main page of the site	fail	The button changes to the "Помощь" button
13	Check the "Хочете знижку 50 грн?" function on the main page of the site	pass	
14	Check the social media icons in the footer on the main page of the site	pass	
15	Add item to the cart from the "Вас може зацікавити" section on the main page of the site	pass	
16	Check the "Брош" button on the main page of the site	pass	
17	Add item to the cart from the "Книжки, які рекомендуємо прочитати" section on the main page of the site	pass	
18	Add item to the cart from the "Інші користувачі зараз дивляться" section on the main page of the site	fail	Missing the "Купити" button
19	Add item to the cart from the "Хіти продажу" section on the main page of the site	fail	Missing the "Купити" button
20	Add item to the cart from the "Новинки" section on the main page of the site	fail	Missing the "Купити" button

Tester: Tetiana Ostroushko Site for testing: <https://www.yakaboo.ua/>

21	Add item to the cart from the "Розпродаж" section on the main page of the site	fail	Missing the "Купити" button
22	Check the "Бажані" button on the main page of the site	pass	
23	Check the "Кошик" button on the main page of the site	pass	
	Check the "Раніше ви дивились" section on the main page of the site Test data: View several items	pass	
24	Check if they are displayed in the "Раніше ви дивились" section		
25	Check the "Увійти до особистого кабінету" button on the main page of the site	pass	

Tester: Tetiana Ostroushko Site for testing: <https://www.yakaboo.ua/>

Write 15 test cases using test design techniques and different TYPES of testing

Title	C1: New user registration
Section	Test Cases
Template	Test Case (Text)
Type	Functional
Priority	Critical
Estimate	7 minutes
References	None
Automation Type	None
Preconditions	The user with the provided test data is not registered. Test data: Name: Марина Василенко Email: asdfgfhghgfjfhfj@gmail.com Phone: 0978877668 Password: qwer1234 Password confirmation: qwer1234
Steps	1. Go to the site https://www.yakaboo.ua/ 2. Click the "Увійти до особистого кабінету" button 3. Click the "Зареєструватися" button 4. Enter "Марина Василенко" in the "Ім'я" field 5. Enter "asdfgfhghgfjfhfj@gmail.com" in the "Електронна пошта" field 6. Enter "0978877668" in the "Телефон отримувача" field 7. Enter "qwer1234" in the "Пароль" field 8. Enter "qwer1234" in the "Підтвердження паролю" field 9. Click the "Зареєструватися" button
Expected Result	The user has successfully registered
Title	C2: User login (invalid password)

Tester: Tetiana Ostroushko Site for testing: <https://www.yakaboo.ua/>

Section	Test Cases
Template	Test Case (Text)
Type	Security testing
Priority	High
Estimate	5 minutes
References	None
Automation Type	None
Preconditions	The user with the provided test data is registered. Test data: Email: asdfgfhgfhfjhfhjfj@gmail.com Password: qwer12
Steps	1. Go to the site https://www.yakaboo.ua/ 2. Click the "Увійти до особистого кабінету" button 3. Enter "asdfgfhgfhfjhfhjfj@gmail.com" in the "Електронна пошта" field 4. Enter "qwer12" in the "Пароль" field 5. Click the "Увійти" button
Expected Result	The user must not be logged in and must display an appropriate error message
Title	C3: Check the site on Windows 7 with Chrome
Section	Test Cases
Template	Test Case (Text)
Type	Configuration testing
Priority	High
Estimate	15 minutes
References	None
Automation Type	None

Tester: Tetiana Ostroushko Site for testing: <https://www.yakaboo.ua/>

Preconditions	The user with the provided test data is registered. Test data: Email: asdfgfhghgfqfjhfhjfj@gmail.com Password: qwer1234
Steps	1. Go to the site https://www.yakaboo.ua/ 2. Log in to an existing account 3. Add multiple products to favorites 4. Check the product catalog
Expected Result	The site works correctly. The data, pictures, and catalog of goods are displayed correctly.
Title	C4: Check the translation of the main page into Ukrainian
Section	Test Cases
Template	Test Case (Text)
Type	Localization testing
Priority	Medium
Estimate	60 minutes
References	None
Automation Type	None
Preconditions	Go to the site https://www.yakaboo.ua/
Steps	1. Click the "UA" button 2. Check each section of the catalog of goods translated into Ukrainian 3. Check the Ukrainian translation of each section of the main page
Expected Result	All data are in Ukrainian on the main page of the site
Title	C5: Check that when you click on the heart next to the product, this product is added to the wish list
Section	Test Cases
Template	Test Case (Text)

Tester: Tetiana Ostroushko Site for testing: <https://www.yakaboo.ua/>

Type	Sanity testing
Priority	Low
Estimate	20 minutes
References	None
Automation Type	None
Preconditions	The user with the provided test data is registered. Test data: Email: asdfgfhghgfqfjhfhjfj@gmail.com Password: qwer1234
Steps	1. Go to the site https://www.yakaboo.ua/ 2. Log in to an existing account 3. Add multiple products to favorites 4. Check the wish list
Expected Result	When you click on the heart next to the product, this product is added to the wish list successfully
Title	C6: Check the allowable number of items in the cart
Section	Test Cases
Template	Test Case (Text)
Type	Equivalence partitioning
Priority	Medium
Estimate	20 minutes
References	None
Automation Type	None
Preconditions	The user with the provided test data is registered. Test data: Email: asdfgfhghgfqfjhfhjfj@gmail.com Password: qwer1234

Tester: Tetiana Ostroushko Site for testing: <https://www.yakaboo.ua/>

Steps	1. Go to the site https://www.yakaboo.ua/ 2. Log in to an existing account 3. Add any product from the main page. 4. Go to the shopping cart 5. Enter "0" product quantity 6. Enter "1000" product quantity
Expected Result	Unable to add products with quantities of 0 and 1000 and must display a proper error message
Title	C7: Check the negative limits of the goods in the shopping cart
Section	Test Cases
Template	Test Case (Text)
Type	Boundary value analysis
Priority	Medium
Estimate	20 minutes
References	None
Automation Type	None
Preconditions	The user with the provided test data is registered. Test data: Email: asdfgfhghgfqfjhfhjfj@gmail.com Password: qwer1234
Steps	1. Go to the site https://www.yakaboo.ua/ 2. Log in to an existing account 3. Add any product from the main page. 4. Go to the shopping cart 5. Enter "0" product quantity 6. Enter "-1" product quantity 7. Remove the item from the cart
Expected Result	Unable to add products with quantities of 0 and -1 and must display a proper error message

Tester: Tetiana Ostroushko Site for testing: <https://www.yakaboo.ua/>

Title	C8: Check the positive limits of the goods in the shopping cart
Section	Test Cases
Template	Test Case (Text)
Type	Boundary value analysis
Priority	Medium
Estimate	20 minutes
References	None
Automation Type	None
Preconditions	The user with the provided test data is registered. Test data: Email: asdfgfhghgfqfjhfhjfj@gmail.com Password: qwer1234
Steps	1. Go to the site https://www.yakaboo.ua/ 2. Log in to an existing account 3. Add any product from the main page. 4. Go to the shopping cart 5. Enter "1" product quantity 6. Enter "10" product quantity 7. Remove the item from the cart
Expected Result	It is possible to add products with quantities 1 and 10.
Title	C9: Check the sorting of goods by the price increase
Section	Test Cases
Template	Test Case (Text)
Type	Guessing mistakes
Priority	Medium
Estimate	15 minutes
References	None
Automation Type	None

Tester: Tetiana Ostroushko Site for testing: <https://www.yakaboo.ua/>

Preconditions	Go to the site https://www.yakaboo.ua/
Steps	1. Go to any section of the menu 2. Set the filter for the price
Expected Result	The goods are ordered by the price increase
Title	C10: Check the social media icons on the home page in the footer
Section	Test Cases
Template	Test Case (Text)
Type	Research testing
Priority	Low
Estimate	10 minutes
References	None
Automation Type	None
Preconditions	Go to the site https://www.yakaboo.ua/
Steps	1. Scroll to the bottom of the main page 2. Click the social media icons
Expected Result	Social network pages open correctly.
Title	C11: Registration of a new user with an invalid name
Section	Test Cases
Template	Test Case (Text)
Type	Decision tables
Priority	Medium
Estimate	25 minutes
References	None
Automation Type	None

Tester: Tetiana Ostroushko Site for testing: <https://www.yakaboo.ua/>

Preconditions	The user with the provided test data is not registered. Test data: Name: 1234Олена 34"№;%:Василенко: Email: fdgdfghd1234g@gmail.com Phone: 0976651122 Password: qwer1234 Password confirmation: qwer1234
Steps	1. Go to the site https://www.yakaboo.ua/ 2. Click the "Увійти до особистого кабінету" button 3. Click the "Зареєструватися" button 4. Enter "1234 Олена 34"№;%:Василенко" in the field "Ім'я" 5. Enter "fdgdfghd1234g@gmail.com" in the field "Електронна пошта" 6. Enter "0976651122" in the field "Телефон отримувача" 7. Enter "qwer1234" in the field "Пароль" 8. Enter "qwer1234" in the field "Підтвердження паролю" 9. Click the "Зареєструватися" button
Expected Result	The user is not registered and should display the appropriate error message.
Title	C12: Registration of a new user with an invalid Email
Section	Test Cases
Template	Test Case (Text)
Type	Decision tables
Priority	Medium
Estimate	25 minutes
References	None
Automation Type	None
Preconditions	The user with the provided test data is not registered. Test data: Name: Олена Василенко Email: fhfhjfhj@@##\$%***@gmail.com Phone: 0976651156

Tester: Tetiana Ostroushko Site for testing: <https://www.yakaboo.ua/>

	Password: qwer1234 Password confirmation: qwer1234
Steps	1. Go to the site https://www.yakaboo.ua/ 2. Click the "Увійти до особистого кабінету" button 3. Click the "Зареєструватися" button 4. Enter "Олена Василенко" in the field "Ім'я" 5. Enter "fhfhjfj@@##\$%***@gmail.com" in the field "Електронна пошта" 6. Enter "0976651156" in the field "Телефон отримувача" 7. Enter "qwer1234" in the field "Пароль" 8. Enter "qwer1234" in the field "Підтвердження паролю" 9. Click the "Зареєструватися" button
Expected Result	The user is not registered and should display the appropriate error message.
Title	C13: Registration of a new user with an invalid password confirmation
Section	Test Cases
Template	Test Case (Text)
Type	Decision tables
Priority	Medium
Estimate	25 minutes
References	None
Automation Type	None
Preconditions	The user with the provided test data is not registered. Test data: Name: Олена Василенко Email: fhfhjfgbghbfhfg@gmail.com Phone: 0976651156 Password: qwer1234 Password confirmation: qwer12

Tester: Tetiana Ostroushko Site for testing: <https://www.yakaboo.ua/>

Steps	<ol style="list-style-type: none">1. Go to the site https://www.yakaboo.ua/2. Click the "Увійти до особистого кабінету" button3. Click the "Зареєструватися" button4. Enter "Олена Василенко" in the field "Ім'я"5. Enter "fhfhjfgbghbfhfg@gmail.com" in the field "Електронна пошта"6. Enter "0976651156" in the field "Телефон отримувача"7. Enter "qwer1234" in the field "Пароль"8. Enter "qwer12" in the field "Підтвердження паролю"9. Click the "Зареєструватися" button
Expected Result	The user is not registered and should display the appropriate error message.
Title	C14: Testing the transition of states from authorization to ordering
Section	Test Cases
Template	Test Case (Text)
Type	State-transition diagram
Priority	Medium
Estimate	40 minutes
References	None
Automation Type	None
Preconditions	The user with the provided test data is registered. Test data: Email: asdfgfhghgfqfjhfhfj@gmail.com Password: qwer1234
Steps	<ol style="list-style-type: none">1. Go to the site https://www.yakaboo.ua/2. Click the "Увійти до особистого кабінету" button<ol style="list-style-type: none">2.1. Enter invalid data2.2. Click the "Забули свій пароль?" button2.3. Enter Email2.4. Recover password3. Enter valid data4. Add item to cart

Tester: Tetiana Ostroushko Site for testing: <https://www.yakaboo.ua/>

	5. To order goods
Expected Result	The user has logged in, successfully ordered the product.
Title	C15: Check the rights and functions of the user and the manager
Section	Test Cases
Template	Test Case (Text)
Type	Use-Case diagram
Priority	Medium
Estimate	60 minutes
References	None
Automation Type	None
Preconditions	Go to the site https://www.yakaboo.ua/ The user with the provided test data is registered. Test data: Email: asdfgfhgfhfjhfhjfj@gmail.com Password: qwer1234 Payment details: card number 4444-5555-6666-7777, the expiration date - 06/23, CVV2 - 045
Steps	1. Check user functions: 1.1. Check the authorization function (exclude the possibility of entering invalid data) 1.2. Check the addition of goods to the cart (exclude negative, non-integer, zero number of goods) 1.3. Check the function of payment for the goods 1.4. Registration of delivery of goods 1.5. Comment writing function 1.6. Check the possibility of adding new products 1.7. Check the possibility of making changes to the goods 2. Check the functions of the store manager: 2.1. Check the order confirmation function 2.2. Check the ability to view the buyer's payment details 2.3. Check the possibility of adding new products 2.4. Check the possibility of making changes to the goods
Expected Result	All functions work correctly, the granted rights are configured correctly.

C5: Check that when you click on the heart next to the product, this product is added to the wish list

The screenshot displays the Selenium IDE interface for a test suite named "test 3*". The test is configured to run on the URL <https://www.yakaboo.ua/ua/kupi-sobi-toj-dovbanij-buket-ta-inshi-sposobi-zibratisja-dokupi-vid-tiei-komu-vdaios.html>. The test consists of 8 steps:

Step	Command	Target	Value
1	open		https://www.yakaboo.ua/ua/kupi-sobi-toj-dovbanij-buket-ta-inshi-sposobi-zibratisja-dokupi-vid-tiei-komu-vdaios.html
2	set window size		968x728
3	click	css=#product-addto-wishlist-ajax-top .icons-wishlist	
4	click	css=.control-group:nth-child(1) > .radio	
5	click	id=wishlist-add-button	
6	click	css=#wishlist-popup-add .close	
7	click	css=#customer_menu_show_btn > span:nth-child(1)	
8	click	linkText=Список бажань	

The log at the bottom of the interface shows the execution of these steps, with each click action marked as "OK". The final status is "test 3* completed successfully" at 00:50:14.

C10: Check the social media icons on the home page in the footer

The screenshot displays the Selenium IDE interface for a test suite named "test 4" targeting the URL "https://www.yakaboo.ua/". The test consists of 20 steps designed to verify the presence and functionality of social media icons in the footer.

Step	Command	Target	Value
1	open	https://www.yakaboo.ua/	
2	set window size	968x728	
3	run script	window.scrollTo(0,388)	
4	click	css= social__icon_fb	
5	store window handle	root	
6	select window	handle=\${win3908}	
7	close		
8	select window	handle=\${root}	
9	click	css= social__icon_instagram	
10	select window	handle=\${win5938}	
11	close		
12	select window	handle=\${root}	
13	click	css= social__icon_youtube	
14	select window	handle=\${win5988}	
15	close		
16	select window	handle=\${root}	
17	click	css= social__icon_telegram	
18	select window	handle=\${win3928}	
19	close		
20	select window	handle=\${root}	

Below the command table, there are input fields for Command, Target, Value, and Description. The status bar indicates "Runs: 1 Failures: 0".

The Log tab at the bottom provides a detailed record of the test execution, showing that all 20 steps completed successfully. The log entries include the step number, the command executed, and the result status (OK). The test suite "test 4" is marked as "completed successfully" at 15:15:30.

Log Reference

C11: Registration of a new user with an invalid name

Executing -                                           

Tester: Tetiana Ostroushko Site for testing: <https://www.yakaboo.ua/>

Write 10 user stories to the functionality of the site, turn them into requirements

№	10 user pages to the functionality of the site	Requirements
1	As an unregistered user, I want a maximum of 4 fields to register so as not to waste my time.	Registration must have 4 fields: "Електронна пошта", "Телефон отримувача", "Ім'я", "Пароль", "Підтвердження паролю".
2	As a registered user, I want my password to be stored in a browser so that I can quickly access the site.	Introduce the "Remember me" functionality when a user register in the form of a checkbox and the "Запам'ятати мене" inscription.
3	As a buyer, I want to send a list of purchases in the mail so as to know what product I bought.	After placing an order, a list of purchases is sent to the buyer at email automatically
4	As a buyer, I want to leave comments so that the company pays attention to the feedback.	The user who placed the order can leave a review of the product by entering the name and email address fields
5	As a registered user, I want to keep the items in the cart so that I can return and continue shopping.	The registered user who added products to the cart previously, at the next entrance the added goods are saved.
6	As a manager, I want to track the history of products that customers have viewed so as to send me a personalized newsletter.	In the personal account of the manager to provide the opportunity to view products with a list of users who view this product.
7	As a manager, I want to see the number of registered new users per day on the site so as to generate statistics.	In the personal account of the manager to provide the opportunity to view lists of newly registered users with the ability to generate a schedule by days, months, quarters, etc.
8	As a manager, I want to control the entry of the phone in the appropriate field so as to avoid invalid data.	Configure the validation of the "Телефон" field.
9	As a manager, I want to control the entry of Emails in the appropriate field so as to avoid invalid data.	Configure the validation of the "Email" field.
10	As a marketer, I want us to be able to provide advertising that is relevant to the interests of users so as to get additional purchases.	In the personal account of the marketer to provide an opportunity to view the activity of customers and, accordingly, to set up target advertising.

Tester: Tetiana Ostroushko Site for testing: <https://www.yakaboo.ua/>

Write 10 user stories to the external interface of the site, turn them into requirements

№	10 user pages to the external interface of the site	Requirements
1	As a customer, I want an open system of discounts, so that the amount with the discount is formed immediately in the cart.	An advertising banner is displayed on the main page
2	As a customer, I want a readable text on the site so as to make it convenient to read product descriptions.	The text should be readable, main 18 px, headings 48 px
3	As a customer, I want a convenient location of the "Search" field so that I can quickly find the right product.	The "Пошук" field should be at the top right.
4	As a customer, I want clear product photos so as to have a clear understanding of the product.	Image quality must be at least 1920x1080
5	As a customer, I want to zoom in on the page so as to make it convenient to read product descriptions.	With different screen extensions, the text and images must adapt correctly.
6	As a marketer, I want to insert advertising banners into the list of products so as to interest the buyer with additional purchases.	Use advertising banners on the list of goods.
7	As a customer, I want the site to be localized correctly so as to understand what is written and order the product correctly	When you switch languages, the pages are localized.
8	As a customer, I want errors and warnings to be displayed in red (so as to see them and correct errors).	Error and warning messages should be red.
9	As a customer, I want the hyperlinks to be purple and underlined so as to see them and be able to follow the hyperlink.	Hyperlinks should be purple and underlined.
10	As a customer, I want products that are not available to be grayed out so as to understand which products are not available.	Goods that are not available should be highlighted in gray
